

Softwarekonstruktion - Exercise 4

4 Idioms

This exercise should be solved until Friday, November 19th, 2010.

4.1 Idioms

4.1.1 What are idioms and what are the characteristics of idioms?

4.1.2 What can be said about the application of idioms?

4.1.3 Java Idioms

Find *Java idioms* based on a survey of published literature, e.g., via Internet search or libraries. Select one non-trivial idiom (i.e., do not select those that are about commenting styles or the like) and prepare to explain and demonstrate it in your exercise group using an example.
